DirectAdmin Login Page

Please enter your Username and Password

Username:	<input type="text" value="xxxxxxxx"/>	← Your User Name
Password:	<input type="password" value="••••••••"/>	← Your Password

Login

The image shows a screenshot of the DirectAdmin login page. It features a blue header with the text 'DirectAdmin Login Page' and a sub-header 'Please enter your Username and Password'. Below this are two input fields: 'Username:' containing 'xxxxxxxx' and 'Password:' containing eight dots. Red boxes highlight these fields, with red arrows pointing to them from labels 'Your User Name' and 'Your Password' on the right. A 'Login' button is located at the bottom right of the form area.

Interface for Control Panel

The screenshot shows the DirectAdmin web control panel interface. The main navigation bar includes Home, Webmail, Password, Help, Files, and Logout. The 'Your Account' section is highlighted with a red box and labeled 'Account Information'. It contains a 'Disk Space' progress bar and a table with the following data:

	Used	Max
Disk Space (MB)	1654.5	5200
Bandwidth (GB)	1.6665	unlimited
E-Mails	8	20
Rp Accounts	7	20
Databases	5	20

Below the table, the 'Current Domain' is listed as 'bestspeedhosting.net'. The 'FTP Management' link is highlighted with a red box and labeled 'FTP Account Setting'. The 'E-Mail Management' section includes links for 'E-Mail Accounts', 'Catch-All E-Mail', 'Forwarders', 'Autoresponders', 'Vacation Messages', and 'Spamassassin Setup'. The 'Advanced Features' section includes 'Server Information', 'SSL Certificates', 'Cronjobs', 'Mime Types', 'Apache Handlers', 'Custom Error Pages', 'phpMyAdmin', and 'Site Redirection'. Red arrows point from the labels on the right to the corresponding elements in the interface.

Email Forwarder 1

Email Forwarder 2

DirectAdmin

Home | Webmail | Password | Help | Files | Logout

Create new E-Mail Forwarder

Forwarder Name: @hestspeedhosting.net

Destination Email: (Where you want it to go)

Note, you can specify multiple email addresses in the "Destination Email" field if you wish:
email1@domain.com,email2@domain.com

You can also specify multiple entires in the "Forwarder Name" field:
fred,bob
This will simply add multiple forwarders.

The screenshot shows the DirectAdmin interface for creating an email forwarder. The 'Forwarder Name' field contains 'emaiddemo' and the 'Destination Email' field contains 'emaiddemo@gmail.com'. A red box highlights the 'emaiddemo' part of the forwarder name, and another red box highlights the 'emaiddemo@gmail.com' part of the destination email. A red arrow points from the 'emaiddemo' box to the 'emaiddemo@gmail.com' box, and another red arrow points from the 'emaiddemo@gmail.com' box to the 'Create' button at the bottom right.
